Work Experience

- **Evergreen (Internship): Feb 2025 – May 2025**
  - Designed visuals for marketing and internal use, including land advertisement posters, map location graphics, and portfolio layout.
  - Tracked team progress using project management tools, updating task statuses and preparing brief reports
  - Tested websites across multiple browsers and devices, identifying issues and documenting bugs for developers
  - Performed quality assurance tasks, creating test plans, logging defects, and verifying system functionality

- **Video Editor (Freelance): Dec 2024 – Present**
  - Create 3D wedding videos using After Effects.
  - Create custom birthday greeting videos.
  - Design personalized invitation videos using After Effects.

Project

- **Capstone Project Title:** MEDIMAP: A CLOUD – BASED ENTERPRISE RESOURCE PLANNING SYSTEM FOR COMPREHENSIVE CARE MEDICAL CLINIC (COMCARE)
  Role: Quality Assurance
  - Monitored project progress and validated eight system modules to ensure efficient workflow, functional accuracy, and adherence to quality standards.
  - Designed user interfaces for all modules, focusing on functionality, user experience, and visual consistency.

- **Internship Project Title:** Other Charges and Services (OCS) Calculator
  Role: Quality Assurance
  - Monitored system functionality, performed debugging, documented findings, and proposed new features to improve ease of use and accessibility.

- **Portfolio Website:**
  - Designed and developed a personal portfolio website to showcase technical projects, motion design work, and freelancing experience, ensuring usability, visual consistency, and cross-device accessibility.
